EXPERIENCE

2013 Present AIR QUALITY EDUCATION WEB SPECIALIST II
San Joaquin Valley Air Pollution Control District

As an Air Quality Education Web Specialist my chief responsibilities are in designing, developing, and managing public facing and internal government websites and web applications. In addition to heavy front-end design and development work I am in charge of maintaining, adding new features, and generating new content of public facing websites/assets. Strong visual, written, spoken, internal, and public facing communication is a requirement for this position.

2015 2020 BOARD MEMBER
SJVAPCD Employees Association

Administration Representative for the SJVAPCD EA. The San Joaquin Valley Air Pollution Control District Employees Association (EA) is the official representative for both the General and Supervisory bargaining units.

Provide support and guidance on staff and management interaction, vote on EA business, manage EA documents and web presence.

2013 2014 CO-FOUNDER
Pixelnaut Press

Co-founded an online publication related to design and web development. Responsible for design and overall vision of the brand, managing a team of writers, as well as company representation in outreach and communication duties.

2006 2013 IN-HOUSE GRAPHIC DESIGNER / ASSISTANT MANAGER
Posh Fresno

Created and maintained all advertisement assets, designed and delivered art work to advertising firms; maintained a small retail team which included managing employee hours, scheduling, and assigning duties.

RECOGNITION

2015 2015 EMPLOYEE OF THE YEAR
San Joaquin Valley Air Pollution Control District
Administrative Services Department

"STAR Employee of The Year Award for Outstanding Service, Teamwork, Attitude, and Respect."

Over several years I have taken on responsibilities in leading teams through various projects which included: guiding and leading content migration efforts, providing on-boarding to new CMS editors, providing on-boarding and training to new and existing WebTeam members in regard to new products and assets, assisting and training on setting up project management tools for staff, providing analysis of complex data sets including aggregation and sanitization of various data sources, working directly with project stakeholders and delegating tasks to subject matter experts.

2012 2015 WEB DESIGNER / PARTNER
No.12 Creative

Partner and web designer of a small creative agency. As a creative director and web designer my main responsibility was customer contact and company representation, requirement gathering, requirement prioritization, and ultimately delivery of all front-end assets.

2011 INTERN / CONTRACTOR
Hundred10 Design

As an intern my main duties included cleaning up design assets, diversifying templates, creation of original web and identity design. As a contractor I delivered illustrations for an online project.

EDUCATION

2007 2011 BACHELOR OF FINE ARTS IN GRAPHIC DESIGN
California State University, Fresno
Graduated with Honors, Magna Cum Laude.
5241 E. Garland Avenue | Fresno CA 93740
